

# Minutes

of the Twelfth Meeting of the Nuclear Physics European Collaboration Committee  
(NuPECC)

held on September 6 and 7, 1991, at Garching

**Participants:**

- R. Bergere
- R. Bock (for EPS)
- C. Detraz (chairman)
- A. Fonseca
- C. Gaarde
- W. Gelletly
- M. Huber
- P. Kienle
- G.-E. Körner (scientific secretary)
- E. Osnes
- A. Pakkanen
- G. Pappalardo
- P. Picozza
- R. Seltz
- I. Sick
- A. van der Woude
- J. Vervier
- P. de Witt Huberts

W. Breunlich, B. Jonson, M. Mahnig, E. Moya de Guerra, E. Otten and P. Twin could not attend.

The minutes of the eleventh meeting were approved without changes.

---

# Agenda

## 1.) Miscellaneous

## 2.) The Report

- a) Preamble
- b) Chapters on the six subfields
- c) Recommendations
- d) Publication

## 3.) Next Meetings

### 1.) Miscellaneous

- a) NuPECC received a letter from E. Vontier (HPN), where it is asked to sponsor a meeting the HPN is organizing in March 1992 at Perugia. A copy of the letter is included. C. Detraz agrees to write a letter to ESF, in which he asks ESF to take into account that a number of workshops will come up dealing with the NuPECC report. NuPECC is prepared to advise ESF on that, but the NuPECC label should remain reserved for meetings like the workshop at Ruthin Castle in order to avoid that it might get used in an embarrassing way. NuPECC is not going to interfere with the EPS in the question of conferences.
- b) NuPECC received a letter from P. Boswell asking for a summary of the NuPECC report for Europhysics News. A copy of the letter is included. It is agreed upon that the recommendation must not be published alone without an introductory discussion of the physics.

### 2. The Report

#### a) Preamble

The introduction written by C. Detraz is renamed into "preamble". Comments on the text should be written to C. Detraz within the next two weeks.

b) Chapters on the six subfields

It is stated again that the responsibility of the preparatory groups ended with their summaries of the Ruthin Castle workshop. The responsibility for the whole report is now with NuPECC.

NuPECC agrees upon that the present text is amendable; it should be read carefully and comments should be made to the respective authors, i.e. A. van der Woude for the introduction and the chapters "Nuclear Structure" and "Properties of Nuclear and Hadronic Matter", as well as I. Sick for the chapters "Nuclear Physics with Hadron Beams" and "Hadronic Physics with Electrons", by September 20.

The two missing chapters will be sent to the NuPECC members by September 13 and September 20, respectively.

The subcommittee (A. van der Woude, W. Gelletly, I. Sick) will meet on September 25 and prepare a new version of the text. This will be sent to the NuPECC members on October 1st.

The new text will then be discussed at the next NuPECC meeting.

c) Recommendations

The current draft recommendations are discussed and amended until the middle of the 3rd paragraph, i.e. until the full line in the enclosed text.

The remaining text will be discussed at the next meeting.

d) Publication

Since the report is not finalized at this meeting, this point is left over for the next meeting.

### 3.) Next Meetings

The next meeting, where the report should be further discussed and finalized, will take place from October 11, 1991, 20:00h to October 13, 1991, 15:00h at Amsterdam.

The following meeting, where a thorough discussion on the future tasks of NuPECC, the budget, the magazine etc. should be held, is foreseen around March 6 to 8, 1992, at Lisbon.

Garching, September 12, 1991

  
(Gabriele-Elisabeth Körner)
