

# NuPECC mini workshop

Department of Physics, University of Jyväskylä

Lecture room FYS 3, 13.6.2014

Convener: A. Jokinen

- |             |  |
|-------------|--|
| 9:00-9:10   | Welcome<br>Prof. Rauno Julin, University of Jyväskylä  |
| 9:10-9:35   | Experimental nuclear structure research at JYFL<br>Prof. Paul Greenlees, University of Jyväskylä                                 |
| 9:35-10:00  | Subatomic physics research activities at Helsinki Institute<br>Physics<br>Prof. Juha Äystö, Helsinki Institute of Physics        |
| 10:00-10:20 | Nuclear theory studies in Finland<br>Prof. Jouni Suhonen, University of Jyväskylä  |
| 10:20-10:40 | Accelerator-based applications and commercial services<br>Research director Ari Virtanen, University of Jyväskylä                |
| 10:40-11:00 | Coffee   |
| 11:00-11:20 | Finnish participation in ALICE experiment at CERN<br>Prof. Jan Rak, University of Jyväskylä and Helsinki Institute of<br>Physics |
| 11:20-11:40 | Theory studies in ultrarelativistic collisions<br>Academy Researcher Thorsten Renk, University of Jyväskylä                      |
| 11:40-12:00 | CUPP - Center for underground physics in Pyhäsalmi<br>Dr. Timo Engvist, Oulu University  |
| 12:00-13:00 | Visit in the Accelerator Laboratory<br>(Paul Greenlees, Iain Moore, Hannu Koivisto, Timo Sajavaara, Juha Uusitalo)               |
| 13:00-14:00 | Lunch, Restaurant Kvarkki  |
