

Dear Colleague,

NuPECC (<http://www.nupecc.org/>) is launching a call for applications for the support of Nuclear Physics conferences scheduled in 2022. NuPECC will support the selected conferences with a typical grant of 1000 – 1500 €.

In order to be eligible, the conference should:

- be a major nuclear physics conference with more than 100 participants covering a rather broad range of topics,
- take place in Europe or be organised by a NuPECC Associated Member,
- provide a public lecture or a poster prize or some other outreach activity for which the funds should be used,
- display the NuPECC logo on the conference poster and other conference materials and post the NuPECC roll-up at the conference.

**IMPORTANT:** the support granted in 2019 for conferences initially scheduled in 2020 remains valid for the same conferences scheduled in 2022 or 2023.

Applications should be sent to the Chair of NuPECC, Marek Lewitowicz ([Marek.Lewitowicz@ganil.fr](mailto:Marek.Lewitowicz@ganil.fr)) with a copy to the Deputy Chair Eberhard Widmann ([Eberhard.Widmann@oeaw.ac.at](mailto:Eberhard.Widmann@oeaw.ac.at)) and the Scientific Secretary ([sissy.koerner@ph.tum.de](mailto:sissy.koerner@ph.tum.de)) by August 31, 2021 so that a decision can be taken at the NuPECC Meeting in September 2021.

Kind regards,  
Marek Lewitowicz, Eberhard Widmann and Sissy Koerner
